MEMORANDUM FOR DINING FACILITY PATRONS

FROM: 412 FSS/FSV

SUBJECT: Meal Guidance

1. The policy memorandum dated 8 Jan 2015, Essential Station Messing (ESM) and Campus Dining Guidance has directed all MSG/CCs, to ensure the base food service program operates within the prescribed budget. Administering proper portion control and limiting carryout meals and self-served/prepackaged items (e.g., fruit cups, cups of cereal, Pop Tarts, milk cartons, condiments, etc.) prevents excessive plate waste and guarantees a wide selection of high quality meals are available to all of our customers throughout the entire meal period. Additionally, the policy hinders misappropriations of Essential Station Messing (ESM) subsistence funds to unauthorized customers, thereby preventing potential fraud, waste and abuse concerns. The guidelines below are implemented to meet the intent of the memorandum.

2. Per AFI 34-239, Food Service Management Program, ESM members are authorized to use the dining facility at no charge.

3. Per DoDI 1338.10, Department of Defense Food Service Program, ESM personnel are authorized a maximum of three separate meals per day.

4. In accordance with memorandum, in order to exercise fiscal responsibility in day-to-day operations to maintain AF food service financial tolerances the following portion control measures will be implemented:

   a. Servings: The following is the maximum amount of food ESM personnel are allowed at each sitting when dining in the facility. The Food Service Officer has the authority to limit high cost items to one serving per person.

      **Food Items**
      (2) entrées
      (1) starch
      (1) vegetable
      (1) salad
      (1) fruit
      (1) dessert or (1) yogurt
      (2) fountain sodas
      (2) snack items (chips, pop tarts, granola bars, etc)

   b. Seconds: If a customer who dines in the facility completes their meal and additional servings are desired, seconds may be obtained (same limitations as above). This **DOES NOT** count as a separate meal for ESM customers. **NOTE:** Seconds taken as a Carryout meal after a meal is consumed on the premises **ARE** considered a separate meal and count toward the three meal per day entitlement.
c. **Carryout Meals**: Only one Carryout meal is allowed per person per meal period (same serving size as dining in). Additionally, only the following number of containers are allowed (paper products are for Carryout Meals only):

**Carryout Containers**
1. large “to-go” box
2. small “to-go” box
3. “to-go” cups
4. set plastic utensils (fork, spoon, knife)

*NOTE*: Condiments must be comparable to the carryout meal (e.g., customers should not take jelly when getting a cheeseburger or ketchup when getting a salad).

5. **Ground Support Meals**: Per AFMAN 34-240, *Food Service Program Management*, if the Force Support Sustainment Services Flight Chief agrees it is not practical for individuals to pick up their own meals for consumption away from the dining facility, the following procedures will be followed by the NCOIC of the requesting activity.

   a. Give at least a 2 hour advance notice of the number and types of meals ordered as required by the DFAC supervisor.

   b. Prepare an AF Form 79, indicating the name, grade and meal card or SSN of each person who desires a meal and is authorized to eat at government expense. Indicate the specific section and squadron requesting the meals in the organization block.

   c. Send the completed forms and money collected for non-ESM meals to the dining facility when picking up the meals.

*NOTE*: Only one meal for consumption away from the dining facility is authorized per person per meal. Per the 2005 Food Code *Section 3-501.19*, food must be consumed/discharded within 4 hours from the point in time when the food is removed from temperature control.

6. The Food Service Officer (FSO) or DFAC supervisor on duty has the authority to determine specific compliance with this policy. IAW AFI 34-145, unauthorized use of ESM privileges can be a criminal offense, and may subject the member to disciplinary action.

7. If you have any questions regarding this guidance, please contact the DFAC supervisor at 661-275-3664 or DSN 275-3665.

SUBJECT: Essential Station Messing (ESM) and Campus Dining Guidance

1. In recent months, we’ve detected an upward trend in the cost per meal average for Essential Station Messing (ESM) at both Legacy food service and Food Transformation Initiative (FTI) food service locations with campus dining. We are committed to providing quality food service to our ESM members at a variety of easy access locations, but must be proactive in managing our guests’ expectations and maintaining the program within budget.

2. Please provide the attached program guidelines to your Food & Beverage Activity Managers so they can share these guidelines with customers and staff. Appropriate oversight and controls will help us maintain the viability of our Legacy and FTI food service operations as well as the ESM entitlement for our Airmen. Your assistance in addressing this issue will help control the Air Force ESM budget and conserve taxpayer dollars.

3. If you have any further questions, please contact the POC, Mr. Bill Spencer, AFSVA/SVO, william.spencer.2@us.af.mil, Commercial (210) 395-7792, DSN 969-7792.
